**ANNUAL REPORT OF
FINANCIAL TRANSACTIONS**

Concerning

Cities of California

Fiscal Year 1967-68

HOUSTON I. FLOURNOY
State Controller

NOTE

The information listed herein has been extracted from reports prepared by city fiscal officers; such reports, in most instances, are not subject to audit by the State Controller.

A comprehensive analysis of revenues and expenditures as to comparability of cities is of questionable validity without due consideration to the existence of variations in accounting methods and practices as well as qualitative and quantitative differences in services rendered. In an analysis of that type, it is advisable that referral be made to the cities involved for determination if such factors might have a bearing on the material under consideration.

In cooperation with the League of California Cities, the California Society of Certified Public Accountants and many city fiscal officers, this issue as well as the ones for the nine preceding fiscal years represents a major revision in the annual reporting of city financial transactions. Due to the revision this report is not comparable in many aspects to reports pertaining to periods prior to Fiscal Year 1958-59.

The classifications and titles follow the basic pattern of the "Chart of Accounts for California Cities" prepared by the California Committee on Municipal Accounting. Where applicable the definitions of accounts are as defined by the National Committee on Governmental Accounting.

FOREWORD

Reconstruction, reappraisals, expanding boundaries and the creation of new cities have tended to maintain a relatively constant ratio between the assessed valuation within cities to that of the state as a whole.

Nearly 30 years ago, some 65% of the assessed valuation of the state was concentrated within 284 cities; currently, although the number of cities in the period under review is now 401, this percentage has only changed to approximately 70%.

A handwritten signature in dark ink, reading "Houston I. Flournoy". The signature is written in a cursive style with a large, sweeping initial "H".

INTRODUCTION

At the close of the fiscal year ended June 30, 1968 California cities numbered 401. The cities, exclusive of city-owned enterprises and bond funds, received revenue of \$1,877,978,751 and expended \$1,792,368,628 for cost of government.

During the same period, city-owned enterprises consisting of such services as water, electricity, gas, sewers, airports, bus systems, harbors, cemeteries, hospitals, parking districts and housing received income of \$687,491,286 and incurred expenses of \$535,565,604; in addition, these enterprises also expended \$132,608,060 for capital outlays.

Also for the same period the aggregate expenditures from bond funds of cities and city-owned enterprises amounted to \$248,408,964.

General city revenue of \$1,877,978,751 represented an increase of \$207,276,318 or 12 percent over that of the previous year.

GENERAL CITY—REVENUE

	1966-67	1967-68	Increase
Taxes			
General Property Taxes	\$573,753,156	\$609,608,121	\$35,854,965

From City-Owned Enterprises	63,993,912	67,607,253	3,613,341
From Non-Governmental Sources	391,084	1,237,483	846,399
Other	16,324,817	25,736,666	9,411,849
Total	\$1,670,702,433	\$1,877,978,751	\$207,276,318

GENERAL CITY REVENUE—AS A PERCENT OF THE TOTAL

	1966-67	1967-68
Taxes		
General Property Taxes	34.34	32.46
Franchise Taxes	1.00	.89
Sales and Use Taxes	17.48	17.19
Other Non-Property Taxes	1.96	2.05
Licenses and Permits	5.13	4.85
Fines and Penalties	3.24	2.93
Use of Money and Property	4.29	3.90
From Other Agencies	17.88	20.66
Current Service Charges	9.32	9.45
Other Revenue		
Sale of Property	.53	.58
From City-Owned Enterprises	3.83	3.60
From Non-Governmental Sources	.02	.07
Other	.98	1.37
Total	100.00	100.00

General city revenue from locally imposed taxes amounted to \$987,734,708 or nearly 53 percent of the total. The second largest source of funds was from federal, state and county governments which aggregated \$388,088,143 or approximately 21 percent of the total.

The majority of grants received from other governmental agencies are restricted as to purposes for which they may be expended. The motor vehicle in lieu tax may be used only for law enforcement, regulation and control of highway traffic and any other state purpose. Gasoline tax grants may be expended only for the construction and maintenance of streets, roads, and highways and the acquisition of rights-of-way. For the most part, federal and county grants are reserved exclusively for specific purposes. As the city of San Francisco also performs the function of a county government the revenue structure for that city includes approximately 60 million dollars from state and federal sources for county purposes.

REVENUE FROM OTHER GOVERNMENTAL AGENCIES

	1966-67	1967-68
Trailer Coach Licenses	\$1,366,637	\$1,491,496
Alcoholic Beverage Fees	8,969,870	9,840,500
Vehicle in lieu Taxes	93,465,497	97,518,416
Gasoline Taxes	105,234,503	130,569,658
Cigarette Taxes	---	39,832,172
Other State Grants	30,315,357	30,089,550
County Grants	21,259,659	24,532,718
Federal Grants	36,976,077	47,549,006
Other in lieu Taxes	1,106,895	664,627
Total	\$298,694,585	\$388,088,143

Another segment of city revenue which is restrictive in use pertains to money received from fines and forfeitures as a result of violations of the State Vehicle Code. Specifically, such money may be used only for "traffic signs, signals and other traffic control devices, the maintenance thereof, equipment and supplies for traffic law enforcement and traffic accident prevention, and for the maintenance, improvement or construction of public streets, bridges and culverts within such city, but such fund shall not be used to pay the compensation of traffic or other police officers."

FINES AND PENALTIES

	1966-67	1967-68
Vehicle Code Fines	\$41,865,336	\$42,519,960
Other Court Fines	11,010,885	12,270,970
Other Penalties	1,327,759	209,999
Total	\$54,203,980	\$55,000,929

Many city-owned enterprises have been financed for acquisition and improvement purposes through the issuance of bonds, a number of such bonds being purely revenue, i.e. the debt service to the bondholder is dependent (insofar as the bond agreements are concerned) solely on the sufficiency of revenue generated by the enterprise.

Another large segment of bonds for enterprise purposes are also self-liquidating from enterprise revenue; however, such bonds which are also secured by an unlimited property tax authorization are considered as general obligation bonds of the city. In the case of the latter, the debt service amounts provided by the enterprise for such bonds are considered as a revenue contribution from the enterprise and a subsequent general city expenditure for debt service. Of the total revenue received by the city as contributions from enterprises it is estimated that approximately one-half is considered as being within this category.

During the year under review, chartered cities which had levied a tax on cigarettes phased that tax out in favor of a new cigarette tax levied and collected by the state and shared with all cities; the amount reported under "Other Non-Property Taxes" represents collections for the period prior to the cancellation of such tax. Many cities levy a tax on the occupancy of a room in any lodging. This tax more commonly known as a hotel-motel bed tax does not apply if the period of occupancy is for more than 30 days. In the last six months of the year being reported, revenue was derived from a tax on the sales of real property; the rate being \$0.55 per \$500 of sale value. If the situs of the sale is in unincorporated area or within a city which has not enacted such a tax, all of the proceeds accrues to the county. Where the situs of the sale is within a city which has also enacted the tax, the proceeds are shared equally by the city and the county.

OTHER NON-PROPERTY TAXES

	1966-67	1967-68
Room Occupancy Tax	\$11,231,778	\$14,294,549
Cigarette Tax	18,673,667	16,706,933

Total..... \$1,950,949

During the year under review all cities had a local sales tax ordinance in effect. The \$322,819,753 reported by cities from this source constituted approximately 17 percent of total revenue. Dollarwise, as well as from the standpoint of being unrestrictive as to expenditure purpose, it is second only to property taxes in importance. For a number of years, the relationship of sales tax revenue to property tax revenue has remained fairly constant; for the year under review sales taxes amounted to nearly 35 percent of the total of both sales and property taxes, representing a property tax rate equivalent of \$0.98 on \$100 of assessed valuation.

REVENUE FROM LOCAL SALES TAXES

	<i>Sales Taxes as a Percent of Total Sales and Property Taxes</i>	<i>Sales Taxes Percentage Increase Over Prior Year</i>	<i>Sales Taxes as a Property Tax Rate Equivalent on \$100 of Assessed Valuation</i>
1958-59	34.0	9.6	\$0.93
1959-60	34.1	0.9	.96
1960-61	33.9	4.9	.92
1961-62	33.3	6.4	.91
1962-63	33.3	9.2	.94
1963-64	34.1	8.2	.96
1964-65	34.7	7.1	.99
1965-66	34.3	6.4	.97
1966-67	33.7	6.1	.96
1967-68	34.6	10.5	.98

Not all revenue from locally imposed sales taxes accrues to the city of sales situs. The Uniform Sales and Use Tax Law permitting county governments to levy a 1 cent sales tax has the effect of necessitating agreements between cities and counties as to the division of sales tax revenue collected within cities. These agreements vary and are subject to periodic adjustments. In addition to the agreements listed below which are formalized by local ordinances of cities and counties and by contract with the State Board of Equalization acting as collection agent, several counties have supplemental agreements with their cities in which a percentage of collections is returned to the city of sales situs.

** Consolidated city and county government.

† As of July 1, 1968.

General city expenditures during Fiscal Year 1967-68 amounted to \$1,792,368,628 an increase of \$149,322,955 or 9 percent over that of the prior year. Of the total expenditures, \$1,464,537,269 or 82 percent was for Current Expenses, \$225,498,841 or 12 percent was for Fixed Assets (Capital Outlays) and \$102,332,518 or 6 percent for Debt Service.

In recent years the traditional paths to the financing of capital expenditures have undergone a number of changes. One of these has been the use of lease-purchase plans. While this method has been used to obtain costly equipment, its special significance has been in the acquisition of real property. In one of its simplest forms it may consist of a nonprofit corporation organized for the sole purpose of building a structure on land owned by a governmental agency. The corporation may arrange for conventional financing which in turn is secured by a long term lease with the agency which will use the facility. The terms of the lease are sufficient to retire the debt and at its expiration, title to the facility passes to the governmental agency. In an initial survey it was reported that the money value of leases now in effect, and if continued to their termination, amounted to approximately 246 million dollars.

Total	100.00	100.00

The bonded indebtedness of cities as of June 30, 1968 was \$2,205,440,660 of which \$1,011,825,811 were General Obligation bonds, representing 3% of the assessed valuation of the cities. Revenue bonds amounted to \$1,140,662,000, Improvement Districts bonds \$47,701,849 and Limited Obligation bonds \$5,830,000.

BONDED INDEBTEDNESS

1944-45	\$436,187,000
1949-50	609,249,000
1954-55	790,725,000
1959-60	1,351,667,000
1964-65	1,803,615,040
1965-66	1,893,479,371
1966-67	1,994,781,860
1967-68	2,205,440,660

Although chartered cities may establish their own limitations on bonded indebtedness, the large majority of them are the same as general law cities which are limited by the provisions of Section 43605 of the Government Code which states:

"A city shall not incur an indebtedness for public improvements which exceeds in the aggregate 15 percent of the assessed value of all real and personal property of the city. Within the meaning of this section 'indebtedness' means bonded indebtedness of the city payable from the proceeds of taxes levied upon taxable property in the city."

For reporting purposes a general obligation bond is one which is secured by the taxing powers of a city. In general practice many such bonds are redeemed through revenue not directly derived from property taxes, i.e. revenue from other sources such as sales taxes or generated through enterprise activities is used in lieu of a direct property tax for debt service. The impact of this procedure, however, has the same effect as a direct property tax as the net result is the reduction of available revenue which would otherwise apply against property tax needs for other purposes. For the year under review the debt service requirement was equivalent to a \$0.31 property tax rate.

One of the seemingly inevitable results of the development of land use is the appearance of the assessment bond. Unlike its counterpart, the general obligation bond of the city, the assessment bond represents an unpaid assessment for public works, the cost of which is assessed against benefited property. Under the more widely used type of assessment bond the city has no obligation to the bondholder except to pass to him any money paid by the property owner. Under a lesser used type of assessment bond the city has a contingent liability in the case of delinquency to either advance the amount of the delinquency or levy a limited tax rate on the affected area. In the event of an advance the funds are eventually returned to the city. At the end of the year under review, unmatured assessment bonds issued through city procedures amounted to some 163 million dollars.

City-owned enterprise income of \$687,491,286 represented an increase of \$52,411,748 or 8 percent, over that of the prior year. Expenses of \$535,565,604 were \$41,605,703 or 8 percent, higher than the previous period. Expenditures for fixed assets (capital outlays) amounted to \$132,608,060 an increase of \$21,689,257 over the prior year.

The valuation of city assessment rolls for property tax purposes applicable to Fiscal Year 1968-69 amounted to \$34,694,663.738, an increase of \$1,879,759,547 or nearly 6 percent over the prior year. Taxes levied against this valuation amounted to \$665,361.771, an increase of \$59,677,374 or nearly 10 percent.

CITY ASSESSED VALUATION, TAX LEVIES AND AVERAGE TAX RATE

<i>Fiscal Year</i>	<i>Percentage Increase Over Prior Year Valuation</i>	<i>Levies</i>	<i>Average Tax Rate Per \$100 Valuation</i>
1959-60	5.98	9.44	\$1.86
1960-61	9.70	8.57	1.84
1961-62	7.77	6.26	1.81
1962-63	5.96	9.25	1.87
1963-64	5.54	4.33	1.85
1964-65	4.37	4.63	1.85
1965-66	7.97	7.78	1.85
1966-67	7.31	8.70	1.87
1967-68	7.85	5.88	1.84
1968-69	5.73	9.88	1.91

Aside from the 73 chartered cities exercising their own option, all other cities (except as indicated below) are included within the provisions of state statutes as to the total tax rate that can be levied. Section 43068 of the Government Code states in part:

"Unless a majority of the city electors voting at an election held for that purpose are in favor of it, the annual property tax shall not exceed one dollar (\$1.00) on each one hundred dollars (\$100), exclusive of such tax * * * (for) any pension plan, * * * exclusive of such tax not to exceed five cents (\$0.05) * * * (for) civil defense or disaster preparedness, exclusive of such tax * * * (for) costs of sewage facilities, * * * parks and recreation * * *"

Other code sections permit additional tax levies with various limitations for such purposes as flood control, veterans facilities, museums, libraries, etc. No limitation is placed on the tax rate required to meet bond debt service.

The assessment of city taxes for Fiscal Year 1968-69 was accomplished on the tax rolls of the county for all except 13 cities. Instead of preparing separate assessment and tax bills and maintaining the detailed records inherent in tax accounting, the large majority of cities merely indicated to the counties the tax rate to be applicable for their assessment purposes; such taxes being assessed and collected in the same manner and with the same force and effect as county and school taxes.

Any compensation paid to counties for such service is in accordance with Section 51514 and 51561 of the Government Code, which provides that such compensation shall be fixed by agreement between the board of supervisors and the city legislative body. These sections also provide that for general law cities the charges so fixed shall not exceed 1 percent for collecting the first twenty-five thousand

dollars (\$25,000) and not more than one-fourth of 1 percent for all sums over that amount. In the case of chartered cities the compensation shall not exceed one half of 1 percent of all money collected.

In connection with the above Sections 51514 and 51561 the state legislature subsequently enacted Sections 51520 and 51562 which state in part:

"Notwithstanding any (other) provision * * * relating to compensation paid to the counties for assessing and collecting taxes for a city, the board of supervisors of a county may, upon a finding of public interest, perform such assessment and collection services for a city without compensation from such city."

One of the more compelling reasons for general law cities to accomplish their own assessment and collection of property taxes is the desirability of placing a higher valuation on property than that as determined by the county. This position stems largely from the limitation imposed by the maximum tax rate quoted above which applies to general law cities.

As a partial answer to this problem, the state legislature some years ago enacted Section 43072 of the Government Code which provided that any statutory maximum tax rate to which a general law city is subject is automatically increased when the city transfers its assessment and collection function to the county. This increase is proportionate to the amount by which the assessed value of property on which city taxes were extended exceeded the assessed value of that property for county tax purposes in the last year for which the city collected its own property taxes.

In the first six years after the enactment of the above law, 64 general law cities transferred the tax assessment function to the counties. In addition to the foregoing group 5 general law cities plus 2 chartered cities this year transferred the assessment and collection of taxes to county facilities.

<i>City</i>	<i>County Location</i>	<i>City</i>	<i>County Location</i>
Benicia -----	Solano	Isleton -----	Sacramento
Coronado -----	San Diego	Merced -----	Merced
Dorris -----	Siskiyou	San Luis Obispo -----	San Luis Obispo
Exeter -----	Tulare		

During the year under review the city of Alviso disincorporated and became a part of the city of San Jose. Aside from the existing 401 cities whose financial transactions are detailed in this report, one new incorporation is noted as of date of record.

<i>City</i>	<i>Incorporation Date</i>	<i>County Location</i>	<i>Estimated Population</i>
