INTRODUCTION

An innovation with this issue of the Controller's Report of Financial Transactions is the publication of the City Report and the County Report in two volumes. The determination for separating the heretofore combined publication was predicated on the difference in accounting periods for the reporting governmental units. While all counties close out their records on the same date (June 30), a number of cities have widely different dates on which their fiscal period ends. In the interest of presenting available information as soon as possible, the financial transactions of counties are indicated herewith; the information pertaining to cities will be published as soon as available.

California counties with a legal bond capacity in excess of one billion (exclusive of special purpose issues) increased debt obligation from \$10,621,100 to \$224,905,900. (Does not include Los Angeles floating debt of \$29,922,106).

Counties with additional debt issues included Contra Costa, \$2,450,000 for road purposes; Los Angeles, \$1,960,000 for a juvenile hall and \$9,220,000 for hospital purposes. Sacramento, \$3,000,000 for general improvements; San Diego, \$8,400,000 for courthouse.

General county tax and assessment receipts increased from \$302,774,723 to \$337,741,507. Increased receipts were noted in all counties except the following; Anador which decreased from \$587,231 to \$559,551; Lassen, from \$386,821 to \$383,774; Modoc, from \$456,253 to \$449,336; Siskiyou, from \$1,245,097 to \$1,178,566; Tulare, from \$5,434,426 to \$5,406,204; and Tuolumne, from \$713,548 to \$683,106.

General county governmental receipts increased from \$769,072,208 to \$815,284,260 while expenditures rose from \$774,134,708 to \$810,170,995.

Increased costs were noted in nearly all functions. Characteristically, charities and corrections, over which county administration has a minimum of control, accounted for the largest individual increase in costs; from \$460,978,015 to \$475,171,287.

	1954-55	1953-54
General government	\$115,742,333	\$106,940,941
Protection to persons and property	61,636,600	57,588,604
Health and sanitation	23,477,591	23,662,623
Highway and bridges	84,224,823	80,799,624
Recreation	8,699,260	8,526,044
Charities and corrections	475,171,287	460,978,015
Miscellaneous	29,546,227	25,228,681
Education	9,159,299	8,331,769
Debt payments	2,513,575	2,078,407
Total	\$810,170,995	\$774,134,708

For the Fiscal Year 1955-56—general county tax levies were \$448,615,971, an increase of \$50,182,735 over the previous year. Assessed valuations increased from \$18,227,343,361 to \$20,034,144,496. Of this increase, approximately \$645,000,000 is estimated to be the result of the recent equalization action ordered by the State Board of Equalization.

It will be noted that the format for assessed valuation tables represents a departure from the presentation of previous years in that considerable more detail is indicated. The additional coverage is believed desirable for a fuller understanding of the potentials of the tax base.

For this purpose we are including a number of pertinent sections of the Revenue and Taxation Code.

Section 2192—Lien Date

All tax liens attach annually as of noon on the first Monday in March preceding the fiscal year for which the taxes are levied.

Section 2901—Due Date

Taxes on unsecured property are due on the lien date.

Section 134—Unsecured Property is:

- (a) The taxes on which are not a lien on real property sufficient, in the opinion of the assessor, to secure payments of the taxes.
- (b) The taxes on which were secured by real estate on the lien date and which real estate was later acquired by the United States of America, the State or by any county, city, school district or other political subdivision and the taxes cancelled thereon within three years from the lien date thereof.

Section 2905—Unsecured Tax Rate

... In collecting taxes on unsecured property the tax rate to be used is the rate for property of the same kind on the secured roll last fixed before the lien date for the taxes to be collected. . . .

Section 2153—

... A tax of one-tenth of 1 percent is hereby levied on the actual value of solvent credits and any interest therein. . . .

Section 4692—Intangibles (Solvent Credits) Tax Distribution:

If the intangibles have situs in a city and any school districts the proceeds shall be distributed one-third to the city, one-third to the school districts, and one-third to the county.

If the intangibles have situs outside of a city, but in any school districts, the proceeds shall be distributed one-half to the school districts and one-half to the county.

NOTE: INSIDE VALUATION is that property which lies within incorporated areas. OUTSIDE VALUATION is that property which lies within unincorporated areas.

TABLE 1. COUNTIES

Assessed Property Valuation, Tax Rates and Tax Levies for 1955-56; Bonded Debt and Estimated Population as of June 30, 1955, and 1950 Federal Census
